

Step 3: Flag Waste

- Lines connected to equipment nobody uses
- Mobile devices not actively in use
- Internet tiers exceeding actual usage
- Auto-renewed contracts without renegotiation
- Duplicate services from past migrations
- Pass-through services billed without review
- Add-on features nobody uses

Step 4: Calculate Quick Wins

- Services to disconnect immediately: \$_____/mo
- Services to downgrade/right-size: \$_____/mo
- Contracts due for renegotiation within 6 months: \$_____/mo

Estimated monthly savings: \$_____ | Annualized: \$_____

Step 5: Evaluate Bigger Moves

- Get quotes for cloud phone system to replace legacy PBX
- Explore cellular adapters for remaining POTS needs
- Request volume pricing based on total portfolio spend
- Evaluate unified comms platform for internal channels
